25X1A9a Please pass along to the appropriate people the following commendation of the work of [REDACTED] that was included in a letter from Ralph Lindstrom dated July 31, 1967:

25X1A9a "I would also appreciate it if you would pass the word to the ORR people that [REDACTED] has been extremely helpful in getting us through this difficult period of fairs, visitors, vacations, and personnel changes. She is almost single-handedly doing the basic coverage of the press and economic journals. I will of course write a special letter on her performance at the end of her tour here."
